The drawing is a technical profile of a road, showing elevation (y-axis) and distance (x-axis). The profile is divided into 60 segments, numbered 1 to 60. The elevation scale ranges from 820.00 to 835.00 meters. The distance scale ranges from 0.00 to 582.13 meters. The profile shows a series of vertical curves, each defined by its radius (R), length (L), and start/end points (km, H). The curves are labeled with their respective values, such as R=150, L=7.94m, H=822.06, and R=480, L=47.50m, H=835.35. The profile also shows the cross-section of the road, with the centerline (Achse Projekt) and the edges (Rand rechts, Rand links). The cross-section is shown at various points along the profile, with the elevation of the centerline and the edges indicated. The cross-section is also labeled with the distance from the start of the profile (0.00) and the distance from the centerline (330.00, 340.00, 410.00, 420.00, 490.55, 506.55, 582.13). The cross-section is also labeled with the elevation of the centerline and the edges (820.00, 822.06, 824.00, 826.00, 828.00, 830.00, 832.00, 834.00, 836.00, 838.00, 840.00, 842.00, 844.00, 846.00,
